This handbook has been prepared for your convenience to reference throughout the course of the school year. It contains almost everything that participating students and parents need to know to achieve success in the Johnstown-Monroe Choral Music Program. It is strongly recommended that you keep this handbook within reach so that it can be referred to if a question or issue should arise. Parents and students should read all items in the handbook before signing and returning the choir contract.

Hello and Welcome to the Johnstown Middle School Choral Music Department! We have some exciting plans for this school year, and I can't wait to share those plans with you as we go through the year together.

With everyone's hard work, dedication, teamwork, respect for one another, and love of creating music, we can make this an amazing school year - our successes in these areas will only bring us closer together and make us stronger!

I hope you're ready to sing and make beautiful music together - I know I am! Thank you for choosing to be a member of our wonderful choir program - let's have a fun year!

Musically Yours,

### Miss Warner

# MISS WARNER'S PHILOSOPHY OF CHORAL MUSIC EDUCATION

"Music is a universal language; individuals of all cultures around the world communicate through and embrace music every day in numerous ways. We hear music on the radio, in retail stores and restaurants, on the internet, in movies and television shows, and even in office buildings. Additionally, people are actively making music in concert halls, places of worship, coffee houses, outdoor arenas, and in the comfort of their own homes with a variety of musical instruments. Music is truly an art form, one that provides us with an outlet to express our emotions for the well-being of others and ourselves. Clearly, music surrounds and affects us daily, no matter where we are, and thus needs to be embraced in our children's educational experience to become holistic members of society.

My goal, as a music educator, is to provide all students with a well-rounded music education through general and choral music by creating a welcoming environment conducive to learning; all students who have a love of music have the potential to develop any musical skill. Students will learn and apply the musical skills that are needed to continue making music outside the walls of our classroom. Musical literacy, history and culture, vocabulary, improvisation, composition, and performing are some of the many musical skills learned in our music classroom.

It is not enough to be competent in musical skills alone; therefore, the music classroom is a place to develop the non-musical life skills that can be utilized within our community and our world. These life skills include, but are not limited to, social skills, time-management skills, teamwork, responsibility, accountability, motivation, risk-taking, ownership and leadership. My goal is to teach these skills through a variety of musical experiences, including ensemble rehearsals, musicianship studies, choir concerts, singing assessments, and performances within our community.

Harnessing these musical and life skills are crucial to forming a well-rounded individual; however, the one factor that completes an individual is the human spirit. Music allows a person to express their emotions through song, and my goal is to work alongside my students to choose music with meaning, challenging our minds and souls. By challenging ourselves in the comfort and safety of our music classroom, we can share our hearts through song and touch the lives of our community and world. After all, music is an experience for the performer and the listener.

The power of music is incredible. By implementing music education in our schools, we are enabling the youth of our world to experience music in a way that cannot be experienced in other school subject matters. In learning the musical skills for future music making, students are also gaining the life skills and human spirit needed to be a holistic member of society." "Miss Warner

### STATE STANDARDS OF MUSIC EDUCATION

While at Johnstown, choir members learn a wide range of quality choral repertoire ranging from classical and jazz to spirituals and multicultural music, spanning from the Renaissance to contemporary pop. In addition to learning strong choral repertoire, choral rehearsals are centered on four academic content standards of music education as determined by the National Core Arts Standards and the Ohio Department of Education:

- 1) Creating
- 2) Performing/Presenting/Producing
- 3) Responding
- 4) Connecting

To be able to teach these objectives well, I must select music of the highest caliber and representative of many styles and origins. Through selection, rehearsal, and performance of diverse repertoire, the choral music experience in Johnstown promotes diversity both inside and outside of the schools. By doing this, the students will be exploring music of other cultures and countries, which will involve singing music in other languages. We will also be singing music from different time periods, both sacred (religious) and secular (non-religious), to be able to explore how music has developed and has been an integral part of different cultures over time. After much hard work, the students will display their musical achievements in concerts to be held in the Performing Arts Genter at Johnstown Middle School. Jazzy Johnnies students may be required to perform at other community and church venues.

# SOLO & ENSEMBLE CONTEST

Participation in Solo & Ensemble Contest is optional, although highly encouraged. Music Selection will begin in January.

#### Fees:

Soloists must pay an \$18 registration fee in order to participate. Soloists who have not paid by the deadline will not be registered to perform. If a soloist does not perform on the day of contest, for whatever reason, the registration fee will not be refunded as it is paid to OMEA at the time of registration. The Johnstown Choir

Boosters will pay for ensemble participation and there will be no extra charge for students.

#### Rehearsals:

Soloists are responsible for rehearsing their piece at home on their own time. Soloists are also responsible for scheduling 2 required private vocal lessons with either Miss Warner or Mr. Rings, and one rehearsal with their accompanist before the contest. Any student who fails to do so will not be permitted to participate. Soloists that take private voice lessons from an outside teacher should consult with Miss Warner regarding rehearsals.

Ensembles are also responsible for scheduling 3 ensemble rehearsals with either Miss Warner or Mr. Rings and 1 rehearsal with the accompanist before the contest. Any ensemble who fails to do so will not be permitted to participate.

Your student's grades will reflect what s/he knows and can do in relation to the State of Ohio Content Standards. Grades based on standards help to improve students' achievement by driving educators to focus on four critical questions:

- 1) What do students need to know and be able to do?
- 2) How will we know that they have learned it?
- 3) What will we do when they have not learned it?
- 4) What will we do when they already know it?

Grades based on curriculum standards help me to plan on instruction so that I can challenge and support all of my students. They also help you, as parents, know the academic and performance areas in which your student meets or exceeds expectations, needs challenges, or needs support.

All assignments in our classroom are graded on a 4-point scale that reflect the following information about each students' learning progress:

- 4 I can recognize, understand, perform, and teach it to my friends.
- 3 I can recognize it and almost understand and perform it correctly.
- 2 With help, T can recognize it, but still have trouble understanding and performing it.
- 1 I cannot recognize or perform it.
- 0 I did not take the assessment.

Additionally, there are 3 different types of assessment used in our classroom:

- Diagnostic Assessment (Pre-Test) takes place prior to instruction to determine a student's skills or prior knowledge in order to identify students' needs.
- Formative Assessment provides direction for review, re-teaching, and other adjustments for individual students or for the whole class. These assessments are for learning (class activities, quizzed, homework, questions during instruction, etc.)
- Summative Assessment provides information to use to judge a student's achievement at the end of a period of instruction. These tests, exams, final performances, projects, etc., are assessments of learning. Students will have the opportunity to improve their grades by reassessing and providing me with evidence of higher levels of performance.

Keeping progress on formative assessments separate from summative assessments gives a more precise picture of student achievement. While feedback on an assessment of a student's formative work are important, these scores will not be reflected in the student's grade. Also, student behaviors (effort, participation, adherence to school rules, etc.) will not be included in the student's grade. Grades will only reflect achievement toward Ohio Content Standards. Reporting achievement separately from behaviors means that everyone can know as accurately as possible what a grade means in terms of achievement.

#### Reassessment:

Reassessment is an opportunity for students to practice towards progress of the content learned in class. Therefore, any student scoring anything below 4 points on the original summative assessment can reassess to demonstrate their knowledge after practicing the content further. Reassessment format (written, oral, etc.) will be at Miss Warner's discretion.

### Using Zeros in Summative Assessments:

Zeros will not be given for summative assessments. In the past, zeros were given when students missed a performance or another summative assessment. In standards-based grading, a grade of "incomplete" will be assigned until the assessment is completed. Students may be assigned to interventions before, during, or after school in order to make up the incomplete assignments.

### Academic Dishonesty Policy:

Academic Dishonesty will not be tolerated. Students will redo any assessment that involves academic dishonesty, which includes both plagiarism and cheating.

Plagiarism means submitting (as one's own work) words, ideas, images, or data from another author/creator. Cheating can include, but is not limited to, possession of unauthorized material, submission of another student's material (whether graded or not), false claims or fabricated references, copying someone else's exam/test/quiz, or passing answers from an exam/test/quiz to another student. When an incident of cheating or plagiarism occurs, the student, along with parent/guardian, may meet as needed with a principal and the involved teachers. After discussion, one of the following sanctions will be imposed:

- The student will redo the assignment or complete another substitute assignment on his/her own time (lunch intervention, before or after school detention).
- The student may be denied participation and/or membership in academic and non-academic activities, groups, teams, and events. Offenses that occur in the final nine-week period of the school year will carry over into the next school year. Second offenses will warrant more severe consequences.
- The student may be suspended in school or out of school.
- The student may be expelled.

Students may appeal any academic dishonesty charge against them within one week of the charge. The appeal will be presented to the principal and Miss Warner.

All performances are mandatory as they are the true summative assessment of each student's mastery in choir. If a student misses a performance, regardless of the reason, s/he MUST reassess their concert to earn any credit towards the summative grade. Excused and unexcused absences are not relevant to an achievement grade. Absences will be reported separately from grades. Jazzy Johnnies members are required to be at many additionally performances. If a student in Jazzy Johnnies misses a performance, they may be removed from the ensemble completely. Students who are considered truant will be held accountable through disciplinary measures rather than through grades. All required dates for this school year are listed on the schedule that is attached to this handbook. By signing the choir contract at the end of the handbook, you are acknowledging that you have received these mandatory dates and understand the expectation of mandatory performance attendance.

Good behavior and model citizenship should be synonymous with the Johnstown Middle School Choirs. These behaviors are most certainly commonplace, but when a student breaks a classroom or school rule the following procedure will be implemented:

1st Offense - warning

2<sup>nd</sup> offense - detention

 $3^{rd}$  offense - second detention/parent is called

4th offense - referral to office

5<sup>th</sup> offense - parent conference

Any violation of school rules will be dealt with not only by the director, but also by the appropriate school officials.
